PIANO / CHAMBER MUSIC / ART SONG

SHORT BIOGRAPHY

ENGLISH

Taiwanese-born pianist Chia-Lun Hsu works as a soloist, chamber musician and art song pianist. His repertoire ranges from Bach and Beethoven to works of the twentieth and twenty-first centuries. His musical education took him to the Berlin University of the Arts and the University of Music and Performing Arts Munich.

Through Yehudi Menuhin Live Music Now Munich, he performed in various chamber ensembles and brought music to social care settings. His concert projects connect music, literature and theatre, including the series “ZWEITE REIHE - erstKlassik” and the production “Ophelia”. The latter received support through the Free State of Bavaria’s scholarship programme “Junge Kunst und neue Wege”.

With Fidel & Fabel, he presents programmes for violin and piano that bring classical chamber music together with storytelling. These include the fairy-tale concert “Der standhafte Zinnsoldat” and “Saufende Meister”, which explores the human side of great composers through music and anecdotes.
